

### Acronym List

Three-dimensional	3D
Adaptive-cosine Estimator	ACE
American Society for Photogrammetry and Remote Sensing	ASPRS
Building Information Modeling	BIM
Computer Aided Design	CAD
Critical Path Method	CPM
Community Sensor Model	CSM
Database Management System	DBMS
Digital Elevation Model	DEM
Digital Surface Model	DSM
Extract, Transform and Load	ETL
Geospatial Intelligence	GEOINT
Geographic Information System	GIS
GIS Certification Institute	GISCI
Generalised Likelihood Ratio Test	GLRT
Geography Markup Language	GML
Global Navigation Satellite System	GNSS
Global Positioning System	GPS
Humanitarian Assistance and Disaster Relief	HADR
HyperText Markup Language	HTML
Interface Description Language	IDL
Interferometric Synthetic Aperture Radar	IfSAR
Keyhole Markup Language	KML
Logarithm of Odds	LoD
Mean Sea Level	MSN
Normalized Difference Vegetation Index	NDVI
Normalized Difference Water Index	NDWI
National Imagery Interpretability Rating Scale	NIIRS
Open Geospatial Consortium	OGC
Web Ontology Language	OWL
Quality Assurance/Quality Control	QA/QC
Relational Database Management System	RDBMS
Resource Description Framework	RDF
Representational state transfer	REST
Rational Polynomial Coefficients	RPC
Radiation Spectrum Method	RSM
Reed-Xiaoli	RX anomaly detector
Synthetic Aperture Radar	SAR
Simple Object Access protocol	SOAP
Triangulated Irregular Network	TIN
Unmanned Aerial Vehicle	UAV
United States Geospatial Intelligence Foundation	USGIF
Universal Transverse Mercator	UTM
Volunteer Geographic Information	VGI
